

POSTER 1: MESSAGE TO POWER

You robbed the pantry and blamed the hungry.
You rigged the game and dared us to question it.
This is not rebellion. This is accounting.
We see you. We are not afraid.
And the audit has begun.

POSTER 2: PLEDGE TO THE PEOPLE

I pledge to lead with truth, not fear.
To serve the people, not the party.
To protect the elder, the child, the addict, the dissenter.
If I fail, I step down. No excuses.

POSTER 3: SCORECARD SNAPSHOT

How to spot a real leader:

- Tells the truth
- Listens more than they speak
- Respects all rights, not just their own
- Welcomes audits, not hides from them
- Stands up without punching down

POSTER 4: LET THE PEOPLE KNOW

Let the books be opened.
Let the lies be buried.
Let the people decide what comes next.
This government belongs to us.

Petition for Transparent Government and Public Audit

We, the undersigned, call for immediate audits of all public officials, agencies, and programs that receive taxpayer funding. We demand full disclosure of:

- Offshore financial holdings
- Tariff inflows and outflows
- Campaign donations and lobbyist access
- Surveillance programs and AI contracts
- Public healthcare and drug import systems

We believe that leadership is not a right — it is a trust. And that trust has been broken.
